I am an Ohio native, raised by my grandmother until her passing. I lived for a short time in North Carolina and moved back to Columbus to enroll my daughter in Columbus schools.

In 2016 my partner and I purchased a home in Manchester that we are slowly renovating. We moved to Linden because it is affordable and we have many great friends in the neighborhood.

As soon as we moved to Linden, I joined the North Linden Community Watch. I believe it is important as a parent to show your child the necessity of neighborhood pride and civic responsibility. We frequently go for walks, chatting with neighbors, picking up trash and making new friends.

I admire the work that the commissioners do in our community and it is my hope to be involved with the commission to help reduce the drug trafficking by eliminating drug houses. I am also committed to reducing the trash in the neighborhood by creating a recycling event this summer or early fall and to replace the large 300 gallon trash bins with the smaller individual bins per household.

I am very excited to be a part of Lindens future!
